We're as happy as birds in a blueberry patch to start up deliveries to Claverack Library!

Field Goods is bringing the farmers market to you with the freshest selection of local products, delightfully delivered. You'll never endure the heartbreak of missing out on peak season produce from local farms.

The season for blueberries, peaches, and tomatoes is happening now! Discover delicious food from local makers of cheese, milk, bread, snacks, sauces, and more. Along with local and sustainably raised meat and fish (yes, we said fish)!

And, one more thing... thank you. Thank you for supporting the little guys that care about healthy local food.
