ii) The circulation desk was damaged during interlibrary loan delivery. Thea will check with MHLS to see if they are insured for such damages.

iii) Thea emphasized that all library trustees are now required to attend two hours of training each calendar year. See Trustee Education Bill: Beginning January 1st, 2023, each trustee, elected or appointed, of a public library or association library will be required to complete a minimum of two hours of trustee education annually (Education Law 260-d added by Chapter 468 of the Laws of 2021).

The New York State Library recently issued guidance on the new trustee education requirements:

• **Mid-Hudson Library System has been pre-approved as a trustee education provider.** Therefore, all MHLS Trustee Education Series events, including the Trustee Handbook Book Club, will count toward trustee education requirements.

• **In-person and online programs will count** toward education requirements.

• If a provider does not provide a certificate of attendance the State Library has provided a “Self-Assurance Form” to aid an individual trustee with reporting their attendance.

• **This information will be tracked by local libraries and reported to the state through the Annual Report for Public and Association Libraries.** A sample form is provided by the State Library to assist with tracking this.

To help all trustees understand and meet the new trustee education requirements, Lauren Moore, Assistant Commissioner for Libraries and State Librarian established a joint New York State Library (NYSL) and Public Library System Director’s Organization (PULISDO)
Trustee Education Committee. The Committee created a Frequently Asked Questions document and other supporting materials to help trustees and library directors understand the new law and the new requirements.
