

FRIENDS EXECUTIVE COMMITTEE MEETING
JUNE 13, 2022

Present: Mame Bradley, Paula Ptaszek, Alice Platt, Thea Schoep, Mario Verna, Marion Vosburgh

Treasurer's Report: The current balance is \$9,437.

Events Committee: It was agreed not to do a raffle basket this year. Instead concentration will be on letters to local businesses requesting financial help with purchasing a bike repair station.

Membership Committee: Verna reported that none of the people contacted thus far were interested in joining the Executive Committee. A discussion was held regarding how to attract new people to the Friends, both as regular members and as members of the Executive Committee. One suggestion was to have a Friends table at food truck nights manned with a Friend who could give information about the Friends. Also the table might have free lemonade.

Wish List 2022

Podium - Ptaszek reported Questar will make the podium in the Fall semester so the podium will not

be available for use until late this year. Specifications will be given to Questar.

specified hours. Verna reported that sign ups for volunteers to work on those days were not going

well with many slots unfilled.

A/V System - Verna reported that the system is working but has asked that people from the Board

and others familiarize themselves with the system so they will know how to use it without problems.
